# Initial Teacher Training (ITT)

Delivered as a partnership between Ambition Institute and Learn with Forward as One

Our collaboration with Ambition Institute seeks to bring benefits to all prospective Primary School Teachers in the North West region.

---

## Ambition Institute

**Ambition  
Institute**

Ambition Institute is a national education charity and DfE Accredited provider. They train teachers and leaders at all levels to get better at the things that make the biggest difference: what you teach, how you teach it, and how you create the conditions for schools to thrive.

---

## Learn with Forward as One

Learn with FA1 is the professional development arm of Forward as One CE Multi-Academy Trust

As a CE Multi-Academy Trust, Forward as One is committed to serving together as 'One Family' of schools, bringing our individual gifts together to strengthen what we offer to our children, our families, and our staff in order to achieve our 'One Mission' - to be an organisation where all can flourish.

To support and promote flourishing within our Trust, Learn with FA1 was established as an exceptional hub of learning and innovation dedicated to shaping the future of education. Our hub stands at the forefront of educational excellence, committed to empowering educators (aspirant and established) and transforming the educational landscape.

With the introduction of our ITT programme, we now deliver the full golden thread of professional development within education: ITT, ECF, and NPQs. Our aim with delivering the ITT programme is to guide aspirant teachers towards becoming outstanding educators who will ignite a great passion for achievement in the upcoming generation.

# A week in the life of a primary trainee

With Learn with Forward as One

---

## Independent study:

### Weekly study (1 hour)

Concise evidence summaries, examples of good practice and further academic reading focused on what trainees need to know within a specific domain. Hosted on our Learning Management System

---

## Taught Content:

### Professional studies clinic (2 hours 30 minutes)

Responsive, small-group, in-person sessions providing insights, techniques, practice opportunities and feedback from tutors. These sessions develop teaching knowledge and strategies

### Subject studies clinic (2 hours 30 minutes)

Responsive, small-group, in-person sessions that support trainees to teach across the primary curriculum. Clinics include the core subjects of English, maths, and science, as well as sessions on all foundation subjects.

### Deliberate practice clinic (1 hour every two weeks)

Trainees practice teaching skills in a safe space before going live in the classroom. Trainees benefit from feedback from an expert coach and the opportunity to re-practice.

---

## Mentor Support:

### Mentor Support

#### Instructional coaching (1 hour every two weeks)

One-to-one mentor support. The mentor provides bite-sized pieces of feedback and supports the trainee to implement these before going live in the classroom

#### Coaching on planning (1 hour every two weeks)

One-to-one mentor support to help trainees plan lessons. Mentors might work with trainees to plan expectations, construct diagnostic questions or devise a marking strategy.

#### Workload and wellbeing support (30 minutes)

---
